***Method Used to Determine Which Students Received Grant Funds***

For the distribution of funds under the CARES Act (HEERF Round I), the Institution formed a Student Emergency Aid Review Committee (made up of faculty and staff) to develop a method for distribution and allocation of the Emergency Financial Aid Grants to Students. The Committee decided to prioritize the students with the greatest need first by allocating \$1000 to each Pell-eligible student who was living on-campus during the Spring 2020 semester and \$750 to each Pell-eligible student who lived off-campus during the Spring 2020 semester. Through that allocation to the neediest of students, the Institution awarded a total of **\$1,052,500 on 5/13/2020 to 1,261 students.**

After the Pell-eligible students were addressed, the Committee decided to allocate the remaining funds (HEERF Round I) through an online application process. Eligible students were notified of the availability of the grant funds via social media and our website and were encouraged to apply. Using this method, the Institution has awarded (as of 3/31/2022) an additional **\$453,213 to 472 students**. This group of students received grants ranging from \$200 to \$1000 based on the amount requested on the application.

For funds available under HEERF Round II, the Institution established an online application process that prioritized the neediest of students. A sliding scale grid was created and funds were awarded based on the FAFSA Estimated Family Contribution as follows:

<b>FAFSA EFC Range</b>	<b>Award Amount</b>
\$0 (full Pell)	\$750
\$1 to \$5711	\$600
\$5712 and above	\$400
No FAFSA on File	\$400

The Institution has awarded a total of \$1,505,713 in HEERF Round II funds to 2,154 students as of 3/31/2022.

For funds available under HEERF Round III, the institution established an online application process that targeted students who were previously ineligible to receive funding under the original guidance. These students were awarded \$1,000 each.

The University then opened a new application targeted to all enrolled students, a sliding scale grid was established and funds were awarded based on the FAFSA Estimated Family Contribution as follows:

<b>FAFSA EFC Range</b>	<b>Award Amount</b>
\$0 (full Pell)	\$700
\$1 to \$5711	\$550
\$5712 and above	\$350
No FAFSA on File	\$350

During the next two rounds of awards, all students were awarded \$300 and \$250 respectively.

The institution has awarded a total of \$1,798,354 in HEERF Round III funds to 2,368 students as of 3/31/2022.

### ***Communication to Students***

The Institution has communicated guidance to students concerning these Emergency Financial Aid Grants in a number of ways. Our website includes Frequently Asked Questions that address the availability of these funds, who is eligible and the type of expenses that can be covered. In addition, each student that received an award received instructions on how the funds can be used in an email. The language in the email to students now includes language that is reflective of the allowable expense language under CRRSAA and ARPA: Eligible Expenses for the student emergency aid portion include any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care), or childcare.
